Enclosure No Two orig-

Sir, With reference to your official memorandum No R 4689 M1 30-20-26 dated the 2nd October 1920 calling for report on the petition of Gousekhan, Venkaboyee and others of Davangere complaining of an order issued by the municipal authorities prohibiting the slaughtering of sheep in the local slaughter house on the 9th and 16th September 1920 and praying for the cancellation of the order &c , I have the honor to state that the President of the Davangere town municipality reports that " on the petition presented by Jain people of the town praying that no slaughtering be permitted on certain holidays which are sacred to them, it has been a practice in Davangere to respect the feelings of the people by closing the slaughter-house" and that "arrangements will have been made with the butchers the previous day to slaughter enough of mutton and keep for sale the next day as such no

* Separately received

D
The President or the Vice President on delegation may issue a permit to any person applying in writing for permission to slaughter cattle sheep or goats within the limits of the town of Davangere & outside the slaughter-house without license or without payment of any fee for the purpose of festivals or religious ceremonies on such applicant furnishing grounds for the satisfaction of the President -

s to be felt by the meat eating population " He adds further that under ie proviso to slaughter house byelaws the flesh eating people have facility obtain exemption certificates to slaughter sheep or goat on their own premises and that as such no inconvenien e is likely to be caused to them

The President has not howe er explained when the petition in question was presented and whether the so called practice of closing the slaughter-house had been in accordance with the resolution o the municipal council and duly sanctioned by Government Nor has he sent any record in this connection In the absence of such an explanation and re ords I ha e no other alternative but to observe that the order of the President in the matter seems open to objection and must have caused inconvenience to the meat eating classes Jain population is not more than two to three hundred Nowhere is any such practice followed There is no arrangement at Davangere for slaughtering animals on the previous day and allowing the carcasses to cool The flesh will simply rot if it is kept after some hours in a hot place like Davang and such a mutton could not have been allowed for consumption from the Sanitary point of view It seems to me also curious that the President should rely on the proviso to the slaughter house Byelaws relating to the grant of exemption certificates for slaughtering sheep or goat in their own premises in support of his action In the first place due noti e of the closing the slaughter house does not appear to have been given to the meat eating population to make their own arrangements Secondly how the slaughtering of goats and sheep by the meat eaters in their own premises i,e, in more places than one and probably very near the houses or the Jains will obviate the senti al objections of the Jains is not clear In fact the proviso referred by the President (vide extract appended) does not at all apply to the present case as it allows permission only to an applicant to slaughter cattle, sheep or goats outside the slaughter house for the purpose of festi als or religious ceremonies such as Maramma's Jatra, or Bakrid on such applicant furnishing grounds for the indulgence sought With these observations I beg to forward the report of the President of the Davangere Municipality for such orders as o ernment may deem fit to pass in the matter

The petition received with the above is herewith returned for reference

Sir,

With reference to your No C 128 Ml 20-21 Dated 5-10-20 calling for a report on the petition of Gowskhan and Venkaboyee, complaining of an order issued for prohibiting the slaughter from 9th 15th September 1920, I have the honor to state that on the petition presented by Jain people of the town praying that no slaughtering be permitted on certain holidays which are sacred to them, it has been a practise in this place to respect the feelings of the people by closing the Slaughter-house. But arrangements will have been made with the butchers the previous day to slaughter enough of mutton and keep for sale the next day, as such no hardship be felt by the meat-eating population.

The proviso for slaughter-house bye-laws provides for slaughtering of sheep and goat in their own houses for purposes of feast &c without payment of fees, if people satisfy the President about the genuineness of their request, and therefore the Mohemmadans or any other caste people have facility to apply to the President to obtain an exemption certificate and

and slaughter sheep or goat on their own premises Hence inconvenience to people is likely to be caused

have the honour to be,

Sir,

Your most obedient servant,

President,

Municipal Council,
